Profile

ICT Applications Development student at the Cape Peninsula University of Technology, currently on an industry placement as a Data Analyst Intern in the CAPACITI Data Academy programme. I build web applications and databases, design interfaces in Figma and work in Agile teams. On CivicFix I led a team of five that built an AI hazard-reporting prototype. I am looking for opportunities where I can apply my development and data skills after my placement.

Experience

Data Analyst Intern, CAPACITI Data Academy Sep 2026 – present

- **CivicFix (group leader):** led a team of five, ran the daily stand-up, wrote the requirements and project documentation and kept the Agile artefacts (charter, user stories, product and sprint backlogs, logbook).
- **AgriBot (research):** wrote the agriculture research report covering crops, crop problems, safety rules, use cases and tests.
- Completed Coursera AI bootcamp courses alongside the projects, with mini presentations, quizzes and meetings with our mentor.

Sales Associate (Seasonal), The Fix (TFG), Wellington Nov 2024 – Dec 2025

- Assisted with inventory monitoring and stock control
- Kept product tracking accurate using store systems
- Supported store operations and visual merchandising

Projects

- **CivicFix** (AI web prototype, group): turns a resident's photo of a hazard into a prioritised ticket routed to the right department. github.com/inga21-art/civic
- **AgriBot** (chatbot, group): helps small-scale farmers work out what is wrong with their crops. github.com/IngaPlati/AgriBot
- **FitNova** (Java, Spring Boot, React, TypeScript): fitness management system with role-based access and a UML class design. github.com/IngaPlati/FitNova
- **PulseUp** (campus clinic booking system, group of 6, React): frontend team; owner of the student and staff sign-in and sign-up pages. github.com/IngaPlati/Pulseup
- **E-Commerce Database System** (HTML, CSS, JavaScript, PHP, MySQL, group): online thrift store with a normalised database designed with ERD models and responsive pages.

Education

Diploma in ICT: Applications Development, Cape Peninsula University of Technology 2024 – present

National Senior Certificate, Desmond Mpilo Tutu High School 2022

Skills

Languages: Java, JavaScript, HTML, CSS, SQL, PHP

Tools: Git and GitHub, VS Code, NetBeans, MySQL Workbench, Figma, Trello

Ways of working: Agile (Scrum, Kanban), team leadership

Systems: Windows, Linux
